

President's Letter to the Boys Soccer Team on their way to State Competition

Dear Varsity Soccer Players,

I greatly enjoyed your first Pep Rally! I saw your enthusiasm and witnessed your preparedness to compete in your next Boys Varsity Championship Soccer Game this week-end. If you win your first game, you are in the finals for the state trophy!! Oratory Ocelots, Boys Soccer State Champions sounds great, doesn't it?

As some of you spoke, you encouraged not only your team, but the entire faculty and student body in believing the championship was yours to claim. As one team player most appropriately stated: "**Para seguir ganando, ay que tener la mente en el juego y el corazon en el gol**".

Fr. José Losoya's words were also very encouraging as he asked the team to be keenly aware their achievements had been made possible because Our Lord had given them the **gifts** of being champions, of having their health, and of achieving such a high level of competition their first year.

In closing, I wish to extend my most sincere congratulations to the administration, the coaches, volunteers, faculty, student body, parents, and most especially the Ocelot Boys Soccer Team! God bless you and keep you safe on this journey and those journeys yet to come with Jesus always at your side.

Yours in Christ and St. Philp Neri,
G. Yvonne Pérez
Co-Founder & President of Schools
